PROFILE SUMMARY

I am a dedicated Frontend developer with two years of intensive learning and more than six months hands-on work experience in software development industry. I excel at creating responsive and user-friendly web interfaces. I am enthusiastic about leveraging technology to simplify life and I'm trilled to develop applications with intuitive interface globally. I am committed to continuous learning and staying updated with the latest industry trends and technologies to enhance user experience and drive project success. I am not limited to a language, I am willing to learn and utilize the tool required to build great applications for you.

PROFESSIONAL EXPERIENCE

AB INBEV — *FRONTEND DEVELOPER INTERN*   **FEBRUARY 2024 - Present**

- Collaborated closely with the development team, comprising the project and product managers, developers and QA to identify issues, testing approaches and optimal practices.
- Built commercial websites for registration of events for the company.
- Ensured coding standards, code reviews and build processes were optimized.
- Identified complex problems and reviewing related information to develop and evaluate options and implement solutions.
- API integration and testing to ensure functional and ready to use applications
- Worked on reusable components and ensured the scalability and maintainability of the application, resulting in faster development time.

EDUCATION

FEDERAL UNIVERSITY OF AGRICULTURE ABEOKUTA — *B.Sc.*
Second Class Upper Division in B.Sc. Food Science and Technology   **MARCH 2017- MARCH 2023**

SELECTED PROJECTS

Vira — *A Dynamic website*

Developed a comprehensive platform offering streamlined logistics services alongside truck, vehicle, and equipment hire, tailored for businesses and individuals looking for reliable and cost-effective solutions. Whether you need a heavy-duty truck, a vehicle hire, or specialized equipment. It was built using modern technologies such as ReactJS, NextJS, TypeScript, JavaScript, Axios, Tailwind, Material UI, ensuring a seamless responsive, and scalable user experience

SKILL-UP — *A static website*
Built an edutech platform landing page where prospective learners have access to numerous tech course ranging from design to development to data analytic with ReactJS, NextJS, TypeScript, Tailwind and JavaScript.

SKILLS

TECHNICAL SKILLS
