PROFILE SUMMARY

Software Developer with 2 years of experience at AB InBev and over 4 years in the software development ecosystem, specializing in React Native and Next.js to deliver high-performance web and mobile solutions.

TECHNICAL SKILLS

Web & Frontend — HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Bootstrap, Material-UI, Framer Motion, SASS/SCSS

Mobile Development — React Native, Expo, NativeWind, Redux, Redux Toolkit, React Query, Zustand

APIs & Data — REST API, Axios, SWR, Postman

Testing — Jest, React Testing Library, Cypress

Tools/Platforms — Git & GitHub, Webpack, ESLint, Prettier, VS Code, Vercel, Azure

Design — Figma

PROFESSIONAL EXPERIENCE

AB INBEV — *MOBILE DEVELOPER (REACT NATIVE)*

JAN 2026 - Present

- Contribute to a production React Native mobile application, specializing in building and refining mobile UI components for a responsive user experience
- Integrate RESTful APIs and validate endpoints to ensure reliable data flow and high application performance
- Support release readiness across environments by leading testing and debugging efforts

AB INBEV — *FRONTEND DEVELOPER*

Nov 2024 – Dec 2025

- Collaborated with cross-functional teams (product, backend, QA) to identify issues and implement testing strategies
- Fixed critical UI bugs, improving app usability and reducing user complaints by 30%
- Ensured code quality through regular code reviews and adherence to maintainable architecture best practices
- Integrated RESTful APIs and tested endpoints for robust application performance
- Led documentation efforts to improve team communication and onboarding, facilitating faster integration of new team members

- Built and deployed commercial event registration websites, enhancing user engagement and streamlining event management
- Developed scalable, reusable React components using Redux Toolkit and Material UI, reducing project timeline and improving code efficiency
- Collaborated with designers using Figma and implemented responsive designs, improving user experience across multiple devices
- Completed assigned tasks independently, demonstrating reliability and initiative while solving complex problems using Testing Library and React Query

SELECTED PROJECTS

Oba-Hills Client | Admin Dashboard — E-commerce Platform with Admin Dashboard

- Developed full dual-interface solution: customer storefront and admin dashboard
- Built with React, Next.js, Tailwind CSS, Redux Toolkit and Context API for state management
- Implemented custom hooks and service layers for API integration
- Features shopping cart, wishlist, product catalog, authentication and admin inventory control

Vira — Logistic Platform

- Built a dynamic web platform for logistics and equipment hire using React, Next.js, and Tailwind CSS
- Implemented responsive layouts and scalable architecture with TypeScript

SKILL-UP — Edutech Website

- Developed a static landing page offering various tech courses.
- Used React, Next.js, and Tailwind CSS for a clean, modern UI

THE GLASS HOUSE LAGOS — Restaurant Website

- Designed and built a real-world responsive website for a restaurant/lounge business
- Included features like map, menu display, reservations, and photo gallery

EDUCATION

FEDERAL UNIVERSITY OF AGRICULTURE ABEOKUTA

MAR 2017 - Mar 2023

B.Sc. Food Science and Technology] — Second Class Upper

CERTIFICATIONS

HNG Internship (HNGi11)

Frontend Development Intern.

JUL 2024

JOBBERMAN

Accelerated Jobberman Soft Skills Training

OCT 2021
